Brittany Campos
Makeup Artist/ Esthetician
Cosmetology
On Fleek Studio
624 McClelland Dr.
Windsor, CA 95492

Dear Ms. Campos,

My name is Serena Martinez, I am a Senior in the Nueva School for the Performing Arts at Windsor High School. I am contacting you in the hope of having the opportunity to mentor with you in your studio. When researching for a quality studio where I might possibly be able to serve as an intern, I came across your business through social media and was instantly inspired.

I have always had a keen interest in most all things esthetic and beauty-related and I intend to receive professional instruction next year after graduating high school. I have been able to practice and develop my beauty skills on myself and other people and it has become a favorite hobby of mine. I have recently realized that this is what I enjoy doing the most and want to pursue my certificate in esthetics and make cosmetology my career. In addition, I have experience in working in other service businesses in a customer- facing role, and I have gained the people skills needed to serve your clients. My thoughts are that combining my interest in esthetics and my experience in customer service, I would like to be someone you would consider working with.

I am interested in working with you in your studio and believe that I can be an asset to you as I learn more about your business and profession. Thank you for your thoughtful consideration. Here is all my contact information, please let me know when we can schedule a meeting to discuss further possibilities.

Sincerely,

Serena Martinez
